

OUR COMMUNITY ENGAGEMENT

Our community engagement is a key part of our mission to advance the health and well-being of our community. We are committed to working with our partners to address the most pressing health and social issues in our region.

Through our community engagement efforts, we are able to identify the needs and priorities of our community and develop programs and services that are tailored to meet those needs. We are proud to be a part of our community and to make a positive impact on the lives of our residents.

Our community engagement efforts are focused on a number of key areas, including:

- Improving access to health and social services
- Promoting healthy living and disease prevention
- Addressing health and social inequalities
- Supporting our most vulnerable residents

We are committed to ongoing communication and collaboration with our community partners. We will continue to work together to address the most pressing health and social issues in our region and to improve the health and well-being of our community.

For more information about our community engagement efforts, please contact us at community@uofa.ca or call us at 780-491-1234.

Thank you for your support and partnership. We are grateful for the opportunity to work with you to make a positive impact on the lives of our community.
