

Susan Anderson
Board Chair

Carla Beam
President

Thank you for giving to the University of Alaska (UA) through the UA Foundation. You make exploration possible and you help University of Alaska students to find their paths. Along the way, great things happen – lifelong friends are made, faculty and staff provide guidance and keep students on track, and lives are enriched through the entire educational experience. Students become alumni and, grateful for the support they received, they give back to help those on the path behind them.

Private support matters at the University of Alaska. In partnership with UA's 16 campuses across the state, the UA Foundation works to increase the private philanthropic support that fosters excellence and paves the way for students, faculty, researchers, and staff to go farther and faster.

Lace up your boots, grab your walking stick and join us on a journey to discover the impact of your philanthropy. We invite you to visit www.alaska.edu/foundation/report to learn more about the donors and students featured in the 2014 annual report, and to view complete financial statements.

Thank you!

Susan and Carla

www.alaska.edu/foundation/report

We determine the paths of our lives with a multitude of big and small choices we make along the way. Sometimes navigating those possibilities seems monumental, as though our decisions will absolutely determine the person we become. *Which path to the future is mine?*

As donors to the University of Alaska Foundation, you make the routes possible. You allow individuals to explore multiple paths, to discover those which speak uniquely to them, and to map the course to their future. Your generosity provides for the experience. It intersects, connects, and improves the lives of all university students, faculty, staff, and the surrounding community. Thank you.

The stories in this year's annual report celebrate those who have discovered a worthy destination, a natural calling, a true home, and for all three, have developed deep gratitude.

Read more about each of them at: www.alaska.edu/foundation/report.

UAS :: Marie Olson

UAS Chancellor John Pugh and Marie Olson

Marie Olson's experiences as a young girl in Southeast Alaska have molded her vision of a richly diverse cultural experience at the University of Alaska Southeast in Juneau. She has supported UAS in many ways, including through the Native and Rural Student Center. She has also been the driving force behind the formation of the Native and Rural Student Center Scholarship. Once fully

PHOTO: Dolphin Quest Bermuda

UAS :: Kristin Brown '13

Originally from St. Louis, Missouri, Kristin came to Juneau to acquire her Bachelor's in Marine Biology at the University of Alaska Southeast, and to pursue her Master's in Fisheries and Ocean Science, spending time doing dolphin research around the world as part of her thesis work.

"Scholarships truly motivated me to work hard in my classes and for my degree because someone gave me the chance to do so, a chance that I might not have otherwise had."
