Dear Dr. Elman:

I am pleased to

announce that

WASAW will

be the primary contractor for the development and implementation of the University of Alaska Anchorage's new geospatial information system. This system will provide a comprehensive suite of tools and services for the university's research and teaching needs. The system will be developed and implemented over a period of 18 months, starting in September 2014. The total cost of the project is estimated to be \$1.5 million. WASAW is a leading provider of geospatial information systems and services, and we are confident that we will be able to deliver a high-quality system that meets the university's needs.

Very truly yours,

Dr. Sandra Elman

President
