Susan Kaima, Vice Provost for Academic Affairs
Claudia Lampman, Associate Professor, Culinary Arts and Hospitality Administration

Re: AY20 Expedited Program Review

I have reviewed the Expedited Program Review Template for the Hospitality Administration

Recommendation

My recommendation is that the program be discontinued because the teach-out has been completed and the program appears to be of low quality and industry support is minimal. It is not clear that the bachelors degree is supported by the industry. The institution cannot support the program. The program will still be accepted to AACSB and UAA will continue to support the program. The program is not in CBPP or the Bachelor's in Administrative Management.

curriculum is designed to align with accreditation standards. Three years ago, we had the full support from the CTC Dean's office to move forward with offering the HA degree in state and to pursue 3rd party accreditation. It is disappointing now to see that this support has been rescinded just as the program is gaining traction. The faculty and staff remain committed to providing this high quality distance program within the state of Alaska, which meets industry needs while providing learning flexibility to UAA's students.

Program Duplication/ Distinctiveness:

As Dean Runge stated, the HA degree offering is the only such program within the state of Alaska. Located in Anchorage, which serves as the main hub for Tourism & Hospitality, the program serves the workforce development needs of our hotel and tourism partners statewide. For HA students interested in a management track rather than a culinary focus, we recommend aligning with the UAA's College of Business and Public Policy (CBPP) to offer the HA courses as a minor or concentration, in addition to the currently offered HA culinary track. This would serve both the hospitality and business major students, allowing for increased enrollment potential and providing opportunities to keep the program actively growing.
