The following motion was presented to the Faculty Senate on 10/10/18.

MOTION:

The UAF Faculty Senate moves to approve a new Post-Baccalaureate Certificate in Accounting, housed in the School of Management.

Effective: Fall 2019, upon all approvals

Rationale:

The Post-Baccalaureate Certificate in Accounting will attract new and returning students to the University of Alaska Fairbanks, thereby helping to achieve the university's enrollment growth goals. This post-baccalaureate certificate has the potential to draw many students.

It will fulfill a community need by providing skilled and educated workers in an increasingly growing field. The Post-Baccalaureate Certificate in Accounting is designed for students seeking a successful transition into a new career and will provide them with the academic knowledge to obtain a professional certification. This certificate will prepare students to work throughout the rural and

Brief Statement of the Program:

Objectives:

1. To provide students with non-accounting background the academic knowledge to switch careers into the accounting field.
2. To prepare students to successfully take the Certified Public Accounting (CPA exam).

Evaluation of objectives:

1. Academic Performance
2. Career Promotion

Relations to Purpose of the University:

Educate: This certificate is designed to help those students in different careers to gain the

knowledge to make a successful transition into a second career.

- **Research:** There is not much of a research component to this degree. It will allow future accountants to disseminate their knowledge to the community though.
- **Prepare:** This certificate is designed to prepare students in pursuit of their accounting career. Providing students with the academic knowledge to obtain a professional certification is key to their preparation.
- **Connect:** The certificate will prepare students to work throughout the rural and urban communities in Alaska. Many accountants, especially in the interior, are B.E. & B.S. holders.

Two years from now: Projected employment growth from 2015-2020 was expected to be 3.0 per year.

Five years from now: Accounting has the largest projection for growth for 2022 of any business or

financial operations.

Ten years from now: It is projected that accounting jobs openings will increase 10% from 2016-

Catalog Layout:

Complete the following:

<u>ACCT F330</u>	Income Tax
<u>ACCT F342</u>	Managerial Cost Accounting
